To Whom It May Concern:

I own a plaintiffs' practice in Las Vegas Nevada. I would simply like to make my voice heard with regard to proposed changes to Rule 30(b)(6) which would be devastating to plaintiffs who already face disadvantages when facing down corporations and businesses who are negligent and cause injury. Please understand that this rule provides an important mechanism during discovery to obtain testimony from a business entity that facilitates the entire litigation process and helps hold wrongdoers accountable for their actions. Please do not take the teeth out of this important rule.
