Note: Section 101 of the U.S. Bankruptcy Code defines consumer (nonbusiness) debt as that incurred by an individual primarily for a personal, family, or household purpose. If the debtor is a corporation or partnership, or if debt related to operation of a business predominates, the nature of the debt is business. Data are for cases filed on or after October 17, 2006, and closed during the reporting period.

<sup>1</sup> A case may have more than one final order determining the value of property securing a claim. A case is counted in a category if it has one or more final orders determining the value of property securing a claim that meet the criteria for the category.

<sup>2</sup> Not all final orders determining the value of property securing a claim that were reported included a determination as to the relationship of the value to the amount of the claim.
